

HITLER HAD A REVENUE DEPARTMENT TOO!

It was called the Internal Revenue Office. They stole massive amounts of money from the German people and used the money to do evil things, like invading other nations and putting people in Labor camps.

What is the Difference?

Both Men:

Torture
Build Empires
Round up innocent civilians
Destroy freedom for "security"
Ignore their Constitutions
Spy on their own citizens

YOU WORK FOR THE FEDERAL GOVERNMENT? YOU WANT TO BE PART OF THIS?

According to the Tokyo War Crimes Tribunal, "Anyone with knowledge of illegal activity and an opportunity to do something about it is a potential criminal under international law unless the person takes affirmative measures to prevent the commission of the Crimes."

The American Government has engaged in universally condemned actions. It is a military aggressor, which invades other countries based merely upon suspicion. It is quick to impose sanctions, which target a civilian populace. It targets civilians in warfare. It is the only government to have ever used a weapon of mass destruction, dropping atomic bombs on Hiroshima and Nagasaki. It tortures prisoners of war, and lays anti-personnel land-mines. Even now, the federal government is spraying the Colombian countryside with Roundup Ultra, destroying food crops along with coca.

July 27, 2006

George Bush, U.S. President
The White House
1600 Pennsylvania Avenue NW
Washington, DC 20500

Mr. Bush,

I am deeply troubled by the current direction of this country. I recognize that you are not entirely to blame. Other Presidents have also contributed to the decline of American values. However, you are the current President, and have done much to destroy American values.

The American Government has engaged in war crimes and crimes against humanity, to the shame of every American. It has engaged in a policy of near genocide against the original inhabitants of this land. It has used American military might to remove democratically elected governments and to establish brutal dictatorships in Latin America, Asia, Africa, and the Middle East. It is the only country to have ever used a weapon of mass destruction against a civilian populace. It targets civilians, assassinates foreign leaders, lays anti-personnel land-mines, and tortures prisoners of war.

This conduct should shame every American. But particularly I am shamed, because I have given my tacit approval to this conduct by working for your federal government. I have lately been threatening and hurting innocent people who simply do not wish to pay for these atrocities. I will no longer collect revenue for you, and I will no longer threaten the good people who are not paying for your imperialistic aspirations.

Please accept this as my letter of resignation, effective immediately.

Sincerely,
